

St. Oswald's Home Learning.
Class 4: Week 5 - Week Beginning 11.5.20

Weekly Learning Activities

Step into Liverpool: History of Liverpool

Use the PowerPoint attached as a resource to research and learn about Liverpool's famous buildings and how they came to be.

1

1. Pick your favourite building and draw this in an artistic scene of your choice. E.g. The Echo Arena beside the River Mersey. 2. Create a model of an iconic building of your choice. You could use cardboard, tubes, tubs, recyclable packaging, wood, clay, etc. or whatever you can find to design and make your own replica building.

Bucket Spinning Activity

Can you put a bucket full of water upside down above your head without getting wet?

2

Try this practical challenge whilst learning about centripetal force to see if you can do it! Click on the attached activity sheet in resources to find everything you need to know.

WARNING: be careful and be prepared to get a little wet!

Learning Around the World

3

What is Ramadan? From 23rd April to 23rd May, Muslims celebrate Ramadan. It is a time when they try to give up bad habits and do good deeds. [Watch the video](#) and then decide on one bad habit you should try and stop and one good deed that you could do for somebody else. Put your good deed into action and take a photo or write it down/in your diary about what happens...

Brazil is a country that is well known for its amazing carnivals and celebrations. Have a look at the [Ten Pieces Music lesson](#) Week 1: Write a poem inspired by a Journey with Simon Mole. Listen to the piece of music about a journey through Brazil on a steam train called 'Little Train of Caipira'. If you were planning a journey to go and take part in a Celebration, where would you go, what would you see and who would you meet? You could use Simon Mole's ideas and turn your journey into a poem.

LEGO Challenge: Animal Aid

4

Using the attached resource sheet to help, build an animal with an injury, and come up with a device that will help its injury heal and allow the animal to continue to live in the wild. You'll need to get creative and put your Lego building skills to the test. Can you think of something that doesn't already exist? Good luck!

Looking for more? Want something different? Is there somewhere that can help you? Try these...

5

[Oak National Academy](#) is a great online classroom for 'taught' lessons and BBC [Bitesize Daily](#) have lessons each day that are worth looking at too. Another great resource is at [Kids Classroom secrets](#) – this is a fully resourced timetable of daily learning tasks; you can play along for free or sign up for free to make the most of all resources.

National Geographic Kids have some amazing activities on their website linked to around the world to try: [Save our Polar Habitats](#), [Save our Oceans](#), [Save our rainforests](#) teaches about conservation and there are lots of crafts like [make an African drum](#), [make an Arctic scene](#), or even [make a teepee](#)!

If you still want to continue with Maths/English BBC Bitesize has range of resources. You can also continue to access work by year group.

BBC Bitesize - <https://www.bbc.co.uk/bitesize/dailylessons>

Literacy - <https://www.hamilton-trust.org.uk/blog/learning-home-packs/>

Numeracy - <https://whiterosemaths.com/homelearning/>

Online Learning Accounts: SPAG.com, Read Theory, TT Rockstars and Writing Legends are great resources to use daily but little and often to keep the important things 'ticking over.' **Using all 4 platforms for 15minutes each, daily, would be a great use of 1 hours learning every day.**
