One More Step Along The World I Go

One more step along the world I go,
One more step along the world I go;
From the old things to the new,
Keep me travelling along with you:
And it's from the old I travel to the new;
Keep me travelling along with you.

Round the corners of the world I turn,
More and more about the world I learn;
All the new things that I see
You'll be looking at along with me.
And it's from the old I travel to the new;
Keep me travelling along with you.

As I travel through the bad and good,
Keep me travelling the way I should.
Where I see no way to go,
You'll be telling me the way, I know.
And it's from the old I travel to the new;
Keep me travelling along with you.

Give me courage when the world is rough,
Keep me loving though the world is tough;
Leap and sing in all I do,
Keep me travelling along with you:
And it's from the old I travel to the new;
Keep me travelling along with you.

You are older than the world can be,
You are younger than the life in me;
Ever old and ever new,
Keep me travelling along with you:
And it's from the old I travel to the new;
Keep me travelling along with you.

As We Go

As we go now, from this moment,
As we leave behind our time together,
May we walk with one another,
May we help each other on the way.

As we go now, from this moment,
As we go into the future together,
May we treasure one another,
May we realise how precious we are.
May we realise how precious we are.
May we realise how precious we are.

Forever Your Friend

Sometimes,
Things don't work out quite as you
planned them.
Sometimes,
Things can come apart at the seams.
So when you find you need someone,
A shoulder you can lean upon,
You won't have to look so very far...

**Cause you've got a friend,
A friend in me.
And forever your friend
I will be.**

Some day ,
All of this will be just a memory.
Someday ,
We'll look back upon it and smile.
'Cause what we saw through younger
eyes,
The very best days of our lives,
We lived through them together, side
by side...

Chorus

And though our chosen paths may
lead
in opposite directions,
We take our first steps from the same
place,
You and I.
And should you stumble or take a
tumble,
Or lose your place in the sun,
You'll not walk long beneath a cloudy
sky...

Chorus
